YTM 97

Treatment, Support & Monitoring

- 1) 3 weeks will be necessary to treat YTM 97 to be free from BRR.**
- 2) Develop Bureau & LCSD will provide site access, labour, logistic support, site security, water and electricity for said application.**
- 3) Dr. Wan and associates will provide site supervision, concentrates to prepare up to 50 metric tons of Formula A to be freshly applied to soils in the vicinity of YTM 97 and YTM 96 free of charge to HKSAR government.**

- 4) Project team will include Simon Yu and his team will be responsible for sampling, laboratory analysis, recording, reporting and on site monitoring.**
- 5) Dr. Wan and associates are confident that YTM 97 will be a success story to be told in the near future.**
- 6) It is a success for Hong Kong to be shared by the Expert group and everybody.**
- 7) Independent checking / monitoring, guided tour, planned press briefings are welcome.**
